

Family Residential Program Application

Alcove offers shared accommodations for women who are pregnant or have children under the age of 6. Alcove’s unique services work towards keeping families intact and allowing mothers and their children to remain together during the healing process. This is a 12-week treatment program that follows the same curriculum as the individual program, and in addition provides parent training, cooking classics, and parent/child relationship rebuilding.

Do your children require any special accommodations? (Allergies, behavioural needs, medical needs...)

Our program is currently full for in-person treatment, and we do have a waitlist.

In addition to our on-site program, Alcove offers an Online Recovery option.

Our Online Recovery Program offers group support, counselling, and education on topics related to addiction and recovery. If you would like help to start or maintain your recovery process, online treatment can help you build skills before admission to in-person treatment.

Please check yes or no if you would like to be contacted by our online intake team
